Take Me Anywhere

Have you ever needed light at places with no power outlet? On the balcony, terrace or maybe under your favorite tree in the park? Imagine a piece of lighting that does not require electricity from a power outlet and can be placed freely anywhere in the home - both inside and outside.

The advantage of the built-in battery is not to be mistaken as numerous applications are created when no cables are needed. A beautiful light shines through the shade in three light levels and together with the durable materials, the perfect lighting for the outdoor spaces is created.

High functionality, newest LED technology and elegant Danish design comes together, which is why the portable lamp invites to 'Take Me Anywhere'.

In Store Support

POS material is an effective tool for creating awareness and preferences among customers. In order to promote sales in the store and increase awareness of specific products or concepts, we offer you creative designs and solutions, including display solutions, signs, shelf danglers etc., which catch the customers' attention.

We take care of the process from idea to finished production. The effect of great POS material is not to be mistaken - see here what we can offer you.

Small table displays for your narrow spaces*

Display & pallet solutions for your assortment*

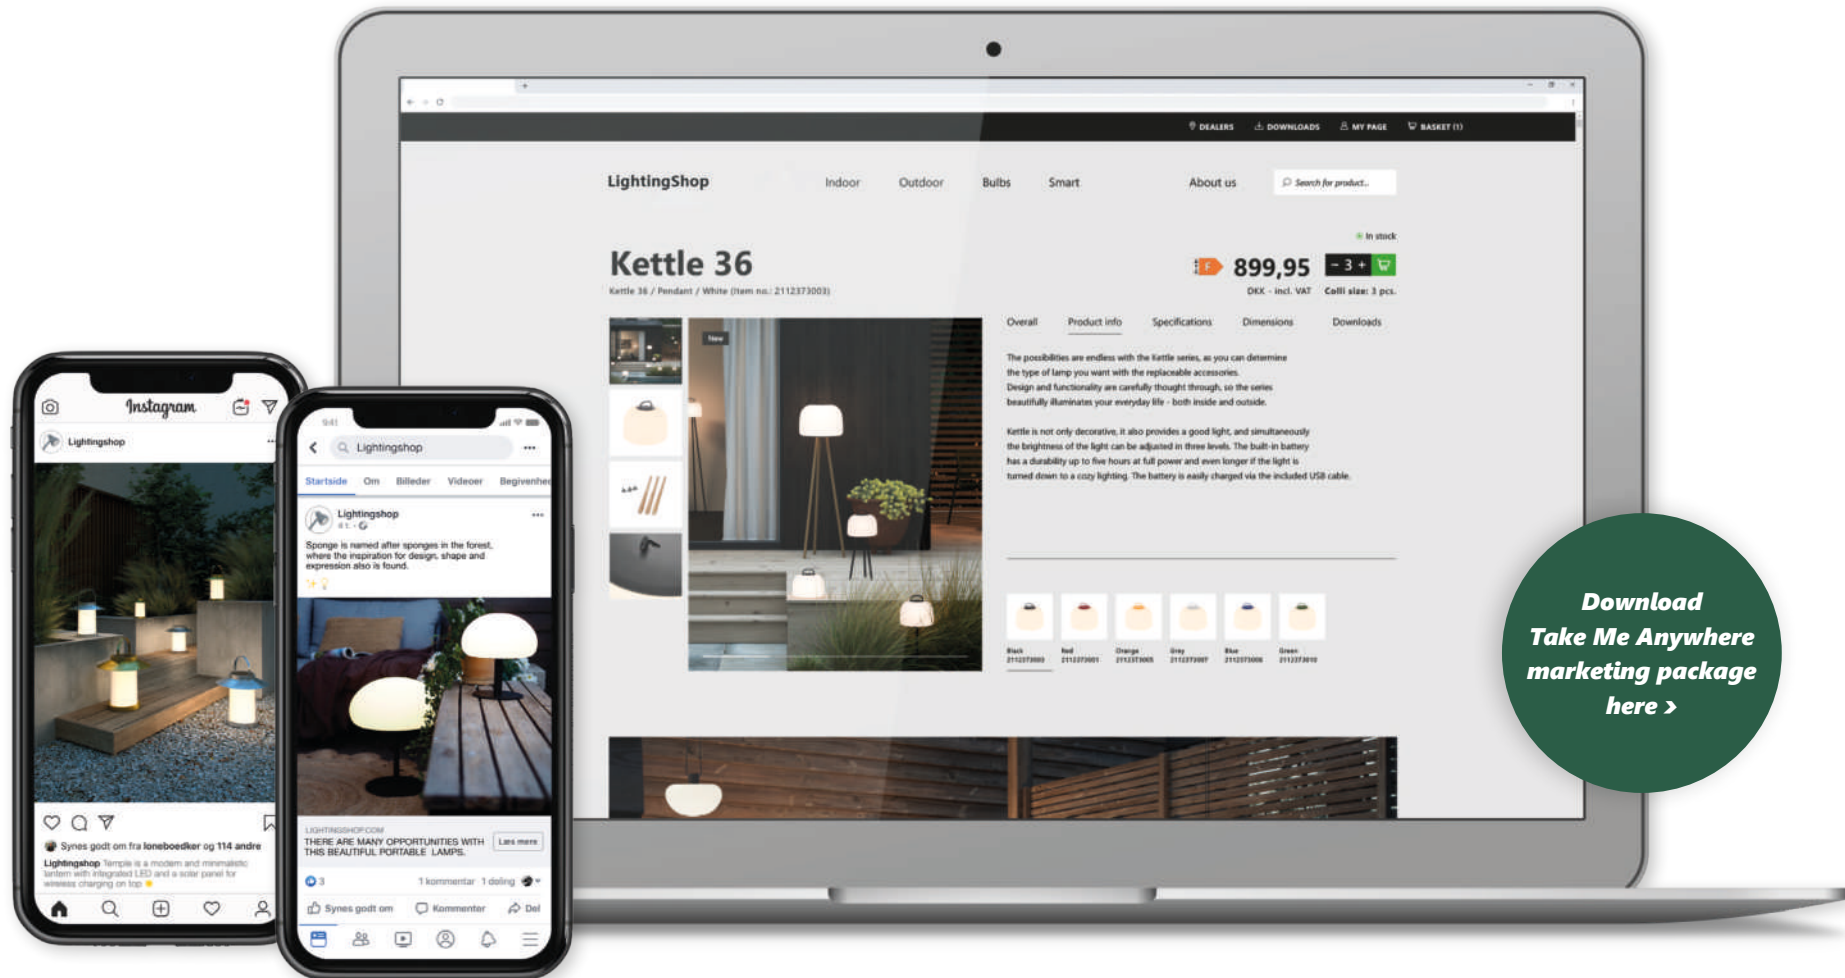

Space management for your assortment*
